

Empowering Collaborative Meetings with Ease.

StageTools combines structured meeting facilitation and visual interaction in a single, seamlessly integrated Teams app.

Key Customer benefits

- **Work efficiently:**
 - ⚡ Switching apps and sharing your screen disrupts your flow?
 - 😊 StageTools runs entirely within Teams—no screen sharing required.
- **Boost engagement:**
 - ⚡ Passive meetings slow results.
 - 😊 With StageTools, everyone can draw, highlight, and interact live.
- **Moderate flexibly:**
 - ⚡ Changing moderators is often clunky
 - 😊 StageTools lets anyone take over with one click.
- **Stay structured:**
 - ⚡ Meetings often get chaotic.
 - 😊 StageTools' timed agenda keeps everyone focused.
- **Decide faster:**
 - ⚡ Decisions get postponed too often.
 - 😊 StageTools enables live voting with automatic documentation.

Use cases
